Trash on the streets is not only unsightly but unsanitary. We note a number of our exchanges are complaining that the work of the clean-up campaign in the residence districts of their towns is offset by the amount of trash thrown on the business streets. Every town should have a law regulating such matters, and the law should be enforced.

Cure Old Sores, Other Remedies Don't Cure. The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Porter's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, 1.00.

## TEN WEEKS IN BED—EMINENT PHYSICIANS FAILED—WONDERFUL RECOVERY

Mr. S. P. Walker, superintendent of our city schools has received a letter from Col. C. P. Townsley of the Coast Artillery Corps, West Point, New York, in which he stated that Samuel P. Walker, Jr., had passed an excellent entrance examination to West Point Military Academy, but was barred from entering, because the principal from his district had to be admitted on certificate. The letter concludes: "I do not know you, or anybody who does know you, so far as I am aware, and I write simply because your son has made such an excellent showing in his examination." This is complimentary indeed, and we congratulate your Mr. Walker on such a showing. It seems that young Walker was appointed by Senator Vardaman as first alternate from the State at large, last fall, but the appointment had to be recalled owing to the reinstatement of the principal, who had been dismissed. It is to be hoped that some way may yet be found to secure for the young man the realization of his ambition to become a West Pointer.

### Bond Issue Decided Upon.

At a special meeting of the board of mayor and aldermen held on last Tuesday night a resolution was adopted without a dissenting vote to issue \$17,000 of municipal bonds to bear 6 per cent interest, to be used in securing land on the Pascagoula river which shall be reserved by the city for public wharves and docks.

The last river and harbor bill carries an appropriation for a channel twenty-five feet deep through Horn Island Pass and twenty-two feet deep through Horn Island Pass up the Pascagoula and Escatawpa rivers to a point just beyond the P. M. P. & N. R. R. bridge, but this appropriation is to be available only when the cities of Moss Point and Pascagoula shall each have secured and reserved for public docks and wharves a strip of land on the Pascagoula and Escatawpa Rivers eight hundred by two hundred feet. Moss Point has already secured her strip of land, and it is up to Pascagoula to do likewise. Tuesday night H. S. Bugge and McVay Young were appointed a special committee to secure options on the property required and if successful the transfer will be made without delay, otherwise eminent domain proceedings will be resorted to.

With a few more ideal spring days soaked into him, the average citizen will become a goddamned optimist.

## NOTHING BETTER FOR WEAK WOMEN

"I Never Spent Any Money That Did Me So Much Good as That I Spent for Vinol."

Bellevue, Ohio.—"I wish every tired, weak, nervous woman could have my life that I never spent any money in my life for Vinol. My nerves were in a very bad condition, making me very weak, tired, and worn out, and often drowsy headaches. I had tried cod liver oil, doctor's medicines, and other preparations without benefit."

"One day a friend asked me to try Vinol. I did and soon my appetite increased, I slept better and now I am strong, vigorous and well and can do my household work with pleasure."—Mrs. J. F. LAMBORN, Bellevue, Ohio.

Nervous, weak, tired, worn-out women should take Mrs. Lamborn's advice and try Vinol for there are literally thousands of men and women who were formerly run-down, weak and nervous, who owe their good health to Vinol.

It is the medicinal, tissue building elements of the cod's liver, aided by the blood making, strengthening influence of tonic iron, contained in Vinol, which makes it so efficient in all such cases.

## Motorcycle Club.

The Jovial Riders Motorcycle Club held its second regular meeting Tuesday night in Evans' garage.

The following officers were elected: J. P. Evans, president; Ray Krebs, vice-president; Harold Fieldings, secretary and treasurer.

A trip was planned for Sunday, the 25th, from Pascagoula to Pass Christian. O. C. Martzler was appointed to bring up the rear, with "Peck" O'Reilly as leader. They will carry along a kodak to take views enroute.

Some of the members of the Mobile Club are expected to join in the trip, and a jolly time is anticipated.

## A Surprise Party.

A surprise party was tendered on Monday afternoon, in home of Mrs. T. J. Evans, to her honored guest, Mrs. McCausland, on her 76th birthday. Mrs. Hattie Chesworth graciously assisted in receiving. About forty guests were present, only those who had called on Mrs. McCausland during her three months stay in our city. The house was a perfect bower of flowers—gorgeous roses, fragrant orange blossoms and sweet peas, decorated every nook and corner. The guests were ushered into the sitting room, where they chatted a while before being invited to the dining room, where delicious refreshments were served on tables beautifully decorated with roses and ferns. The birthday cake was then cut, and served amid the congratulations and felicitations of those present. The guests departed, each leaving a birthday card inscribed with wishes for many happy returns of the day.

Mrs. McCausland and Mrs. Hattie Chesworth left Wednesday for their home in Missouri.

S. A. Neville, president of the Memphis and Meridian railroad company, has planted 100 acres of cut-over lands to cucumbers around Nellyville station, near Hattiesburg. He sees in the cucumber a profitable crop for the cut-over pine lands of South Mississippi.

## Gulf Coast Field Meet.

There will be a big coast school field day meeting in Gulfport May 8, to be participated in by seven cities—Gulfport, Biloxi, Pass Christian, Ocean Springs, Long Beach, Moss Point and Pascagoula. Prof. Ira T. Gilmer, Superintendent of Gulfport schools, has arranged the big event and the other schools readily accepted the offer to join in.

There will be literary and athletic events during the day. Two sessions, morning and afternoon, to be held. The winner of each event will receive a blue ribbon, a red going to second place and a white to third. The point system will be used and the school getting the most points for literary contests will receive a loving cup and the same will apply to the school getting the most points in athletic events. There will be every thing but a ball game, the program being too crowded for that.

Only bona fide students certified by the superintendent or principal will be permitted to compete.

## Literary events:

1. Declaration—Boys over 14 years of age.
2. Declaration—Boys under 14 years of age.
3. Expression—Girls over 14 years of age.
4. Expression—Girls under 14 years of age.

Declaration and expression must not be more than ten minutes.

## Athletic events:

1. Shot Put—Boys over 120 pounds, 12-lb shot.
2. 100-Yard Dash—Boys under 120 pounds.
3. 200-Yard Dash—Boys over 120 pounds.
4. Running Broad Jump—Boys under 120 pounds.
5. Running Broad Jump—Boys over 120 pounds.
6. 100 Yard Dash—Girls over 120 pounds.
7. 75 Yard Dash—Girls under 120 pounds.
8. 440-Yard Dash—Boys over 120 pounds.
9. 220-Yard Dash—Boys under 120 pounds.
10. Relay Race—Eight girls, any size; one-half mile.
11. One-half mile Race—Boys over 120 pounds.
12. One-half mile Relay—Four boys under 120 pounds.
13. One-half mile Relay—Four boys over 120 pounds.
14. Running High Jump—Boys under 120 pounds.
15. Running High Jump—Boys over 120 pounds.
16. Pole Vault—Boys under 120 pounds.
17. Pole Vault—Boys over 120 pounds.

Students in younger or lighter class may compete in older or heavier class, but not vice versa.

The team or school that wins first place gets five points; second place, three points; and third place, one point. Only one contestant from each school will be permitted to enter any one literary event, and three any one athletic event.

This will be the first field day meeting at Gulfport participated in by all the coast schools, and the promoters hope that it will prove a great success, and become an annual event.

We are informed by superintendent Walker the students of Pascagoula High School are making active preparations to participate in this meet, and hope to capture a number of the prizes, in which hope the Democrat Star heartily joins.

## Ocean Springs Citrus Growers.

The Ocean Springs Citrus Growers Exchange was incorporated Tuesday, says dispatch from Biloxi, under the laws of Alabama. The purpose of the organization being the proper production and profitable sale of produce and citrus fruit. The Ocean Springs branch is a link in a chain of similar organizations extending from here to Mobile, and all do much to promote the citrus industry in this region, assuring always a steady market. A credit rating branch is to be established in Ocean Springs. Thos. E. Bird of the National Credit Dispatch of Pensacola, Fla., enlisted the interest of practically all the merchants and states that the local bureau will be opened by May 1.

H. C. Bell and J. Chaffin, the experts from the U. S. Bureau of Plant Ind. and, after three weeks work in and around Ocean Springs, report that they have been unable to locate any trace of citrus canker in this region.

## Paint Put-on

Think of paint put-on and not by the gallon.

A gallon of paint in the can is of no account to anybody. Put it on. Now reckon its cost and value.

The secret is: one paint goes twice as far as a bad one.

You have a job, say an average job. It'll take 10 gallons Devco and 12 or 15 or 18 or 20 of middling poor very poor and trash. You know painter's wages in your town. Put the price of a gallon of paint and the painter's day wage together. You can't.

Devco costs less than any inferior paint; there are hundreds of them.

One paint is as good as another, so long as it lasts good; one lasts months and another years; and the one that goes furthest lasts longest. DEVCO.

## CALOMEL IS MERCURY! IT SICKENS! ACTS ON LIVER LIKE DYNAMITE

"Dobson's Liver Tonic" Starts Your Liver Better Than Calomel and Doesn't Sicken or Make You Sick.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quinine which causes sickness of the bowels. Calomel, when it comes into contact with your bile crashes into it, heating it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, constipation, if health is bad or stomach sour, just take a wonderful of harmless Dobson's Liver Tonic on my guarantee.

Don't let your physician—ask any drug store and get a 30 cent bottle of Dobson's Liver Tonic. Take a spoonful tonight and if it doesn't strengthen you right up and make you feel fine and vigorous by morning I want you to go back to the store and get your money. Dobson's Liver Tonic is destroying the sale of calomel because it is a real liver medicine, entirely vegetable, therefore it can not sicken or make you sick. I guarantee that one spoonful of Dobson's Liver Tonic will put your sluggish liver to work and show your bowels of that your life and constipated bowels which is sapping your system and making you feel miserable. I guarantee that a bottle of Dobson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and they like its pleasant taste.

If one desires to have Senator Vardaman talking, the simplest way is to point out to him a woman riding about the city in a costly equipage, with a large, foolish looking dog for a companion. The woman and dog combination seems to Vardaman as needless enough at best, but his wrath is stirred most of all when the dog happens to be one of those woolly ones with its hair clipped in funny designs. With the sight of one of those for a text, Vardaman can talk with much vehemence for an hour.—Exchange.

## Are You Rheumatic?—try Sloan's

If you want quick and real relief from rheumatism, do what so many thousands of other people are doing—whenever an attack comes on, bathe the sore muscle or joint with Sloan's Liniment. No need to rub it in—just apply the Liniment to the surface. It is wonderfully penetrating. It goes right to the seat of trouble and drives the pain almost immediately. Get a bottle of Sloan's Liniment for 25c, of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Four money back if not satisfied, but it does give almost instant relief. Adv.

## Gulf Coast Horticultural Society.

Farmers from three states who are interested in orange growing, pecan culture and truck farming, will gather in Mobile on April 27 and 28, for the second annual meeting of the Gulf Coast Horticultural Society. Meeting will be held in the Harte Auditorium.

All of the gulf coast states are vitally interested in citrus canker and insect rosette, as well as other parasites that bother truck and plants, and these subjects will be thoroughly discussed at the meeting. Experts will tell of the results attained in combating them, and stereopticon slides will be shown of certain phases of the "clean up" work.

A number of papers will be read on pecan culture by Morris Frank H. Lewis, of Pascagoula, Miss.; and Theodore Bechtel, of Ocean Springs, Mr. W. C. Griffing, of Grand Bay, Ala., will speak on diversification, and Mr. Dudley C. Harrow, of Pensacola, Fla., will tell of the horticultural development in western Florida.

Mr. L. T. Rhodes, county agent of Baldwin county, and Dr. O. F. E. Winberg, president of the Baldwin County Citrus Growers Association, will talk about Baldwin county's development.

Most growers of citrus fruits plant vegetables between the rows of trees, and Mr. George A. Maloney, county agent for Mobile county, will talk on that subject.

The marketing of citrus, truck, and general farm crops, is a question that has worried all of the growers, more or less, and Mr. W. C. Bromley, market exchange organizer, will speak on the subject. He will explain the "pool system" used by the Florida Citrus Exchange.

Prof. Wolf, of Auburn, Mr. J. A. Dew, and many other experts on some angle of horticulture, will talk or read papers. The program that is being prepared by President Reynolds calls for something going all of the time on both days.

An active membership campaign will be launched at the closing session, after the officers for 1915-16 have been selected. There are about 100 members today, but President Reynolds believes it should be 500.
